

# LUIS ALEJANDRO BAEZA CRUZ

Lubbock, TX | +1 (806) 928-1805 | lbaeza1015@gmail.com

## EDUCATION

### Bachelor of Science in Computer Science

Texas Tech University, Lubbock, TX

Current GPA: 3.1

Expected Graduation: Fall 2026

### Study Abroad — Computer Science Program

CET Siena, Italy

Summer 2025

## CERTIFICATIONS

### B1 Italian Certificate — CET Siena, Italy

[July 2025]

## PROFESSIONAL EXPERIENCE

### General Services Specialist | Prefalum, Costa Rica

Jun 2023 – Dec 2024

- Coordinated with international suppliers to manage import logistics and procurement of materials
- Evaluated and directed multiple private client projects from scoping through delivery
- Prepared and computed client quotes, contributing directly to the sales pipeline
- Proposed and initiated a maintenance program for aging machinery, reducing downtime

### Production Associate | Prefalum, Costa Rica

Aug 2020 – Feb 2021

- Produced insulated glass units and performed aluminum painting across the production line
- Cataloged and monitored warehouse inventory to ensure accurate stock levels
- Supervised daily production rates and flagged bottlenecks to shift leads
- Coordinated with international suppliers on import documentation and scheduling

## PROJECTS

### [Cyberdeck] | [Raspberry Pi, Linux]

[June 2026]

- [Built a portable computer around a Raspberry Pi 5, integrating a display, speaker system, battery pack, and keyboard into a self-contained unit.]

### [Personalized CRM] | [Claude Code, Next.js, React, SQL, HTML]

[August 2026]

- [Designed and developed a full CRM and quoting web application for Prefalum, replacing a manual Excel- and paper-based workflow.]
- [Built core features including quote generation, account-based save/retrieval, and a custom window/door design tool for the production team.]
- [Reduced quote creation time from ~45 minutes to ~2 minutes (a ~22x improvement in efficiency and productivity), independently pitching, designing, and delivering the project end-to-end.]

### [Company Website Redesign] | [Claude Code & Design, Typescript, HTML, Next.js, Motion.dev]

[August 2026]

- [Redesigned and rebuilt the company website from scratch using Next.js and TypeScript.]
- [Simplified navigation, reduced friction and added responsive design and animations for consistent performance across mobile and desktop across key user workflows.]
